

## GRASS FIRES AGAIN THREATEN

Blazes Break Out at Capitol Hill and Near Fort Douglas.

## LAW WILL BE ENFORCED

COUNTY ATTORNEY AND RANGERS AFTER OFFENDERS.

Grass fires again caused apprehension on the outskirts of Salt Lake yesterday afternoon and last night. Less damage was done, however, than Sunday. With the increase in fires the county and federal officers have determined to punish severely anyone caught setting fire to the prairie grass.

Capitol hill had a grass blaze yesterday afternoon that threatened to destroy the building. The fire was quickly extinguished by the fire department. The fire was caused by a boy who had been playing with matches.

It is surmised that some boy threw a lighted match into the grass at the southwest side of the grounds and, as there was a strong wind blowing at the time, the fire spread quickly and threatened to destroy the building.

The fire department immediately notified the fire department, but when the men and apparatus from the latter arrived they were unable to do much owing to the great supply of water. The fire was quickly extinguished by the fire department. The fire was caused by a boy who had been playing with matches.

Fire Near Fort Douglas.

Shortly after dark a fire started in the dry grass on the edge of Twenty-first street and southwest of Fort Douglas, and in a few hours had been carried by the wind to a point just south of the post. At 10:30 p. m. the flames were creeping up the hill. The residents of the extreme eastern part of the city were protected from any danger by Red Butte hollow, and by the fact that the winds were easterly. So far as is known there was no damage done, there being few fences or pastures in the affected district.

The cause of last night's fire could not be ascertained. It is surmised that at dusk he passed the spot where the fire was first noticed and at that time saw nothing to cause alarm.

To Punish Offenders.

County Attorney Parley P. Christensen is of the opinion that some one should be punished for starting the fires that have been burning along the hillsides and in the canyons north, east and south of the city during the past few days, destroying fences, meadows and outbuildings. He thinks the sheriff and his deputies might catch some one responsible for the fires, but he thinks real hard. The following letter was sent by Mr. Christensen to Sheriff C. Frank Emery yesterday:

Dear Sir—I desire to draw your attention to a matter that seems to me of great importance. I have observed the fires that have been burning along the hillsides and in the canyons along the edge of the city during the past few days, destroying fences, meadows and outbuildings. He thinks the sheriff and his deputies might catch some one responsible for the fires, but he thinks real hard. The following letter was sent by Mr. Christensen to Sheriff C. Frank Emery yesterday:

ADJUDGE HER INSANE—Hannah Butler, who has been confined in the asylum at Fort Douglas since the death of her husband, was yesterday brought to the attention of the court. She was found by the sheriff and his deputies in a state of insanity. She was brought to the attention of the court and was found to be insane. She was committed to the asylum at Fort Douglas.

GOVERNMENT OFFICIALS ACT.

In line with the county attorney's request that vigorous steps be taken against offenders in the statement of James E. Meeks, forest supervisor for this district, Mr. Meeks said last night that he and his deputies were immediately without the formality of a warrant any person caught setting fire to dry grass within the forest reserve district which extends about Salt Lake City.

Mr. Meeks promised that any offenders would be taken promptly before the United States commissioner and prosecuted.

BUSY TIMES FOR THE JUDGE

Juvenile Court Official Receives Invitations to Address Four Conventions.

Judge Willis Brown of the juvenile court received invitations to address the convention of the Y. M. C. A. at Seattle, the National Convention of Charities and Corrections at Portland, the National Convention of the National Association of Juvenile Court Judges at Baltimore, and a gathering of reformers at Providence, R. I. He feels that he must decline the two eastern requests, and he is not certain whether he will be absent from the others, inasmuch as his work here is of such an exacting character.

He would like to go to Portland and Seattle to let the people there about his labors in Salt Lake.

WARM WEATHER HELPS.

Get Rid of Your Catarrh by Using

Hyomei Now.

Everyone who has catarrh should take advantage of the warm weather to get rid of this annoying and distressing disease. The right treatment, faithfully followed, in May or June, will bring much more quickly than in the winter and early spring.

Do not try to cure catarrh of the head and throat by taking drugs into the stomach. It cannot be cured that way. The only way in which this common disease can be cured is through a direct application of Hyomei to the mucous membrane.

The first day's use of Hyomei will show a decided improvement, and in a short time, especially if used at this season of the year, there will be no further trouble from catarrh.

You take no risk in buying Hyomei. The complete Hyomei costs but one dollar, and if after using you can say that the treatment has not helped you, E. C. Schramm will return your money.
